# MAGNET STICKS

**SPECIAL PRICE:  
£15 + VAT**

The Magnet Stick is an instrument for testing the presence of magnetic fields. By simply holding the tip of the instrument near the test area, it indicates a magnetic field by glowing. The test lamp responds to all kinds of magnetic fields, from alternating current to direct current and permanent magnets. (Sensitivity 300 gauss 30 mT)

**Key Features:**

- Powerful red light in the tip to indicate the presence of a magnetic field.
- Easy to use.
- Solenoid valves in pneumatic and hydraulic control equipment can easily be tested.
- Test relays with coils and electrically controlled solenoid valves in all types of vehicles and machines.
- Test solenoid valves when servicing oil burners.
